### § 20.20 Applicability.

(a) The regulations in this subpart apply to all State and local agencies and individuals collecting, storing, or disseminating criminal history record information processed by manual or automated operations where such collection, storage, or dissemination has been funded in whole or in part with funds made available by the Law Enforcement Assistance Administration subsequent to July 1, 1973, pursuant to title I of the Act. Use of information obtained from the FBI Identification Division or the FBI/NCIC system shall also be subject to limitations contained in subpart C.

(b) The regulations in this subpart shall not apply to criminal history record information contained in:

(1) Posters, announcements, or lists for identifying or apprehending fugitives or wanted persons;

(2) Original records of entry such as police blotters maintained by criminal justice agencies, compiled chronologically and required by law or long standing custom to be made public, if such records are organized on a chronological basis;

(3) Court records of public judicial proceedings;

(4) Published court or administrative opinions or public judicial, administrative or legislative proceedings;

**§ 20.21 Preparation and submission of a Criminal History Record Information Plan.**

A plan shall be submitted to OJARS by each State on March 16, 1976, to set forth all operational procedures, except those portions relating to dissemination and security. A supplemental plan covering these portions shall be submitted no later than 90 days after promulgation of these amended regula-

tions. The plan shall set forth operational procedures to—

(a) *Completeness and accuracy.* Insure that criminal history record information is complete and accurate.

(1) Complete records should be maintained at a central State repository. To be complete, a record maintained at a central State repository which contains information that an individual has been arrested, and which is available for dissemination, must contain information of any dispositions occurring within the State within 90 days after the disposition has occurred. The above shall apply to all arrests occurring subsequent to the effective date of these regulations. Procedures shall be established for criminal justice agencies to query the central repository prior to dissemination of any criminal history record information unless it can be assured that the most up-to-date disposition data is being used. Inquiries of a central State repository shall be made prior to any dissemination except in those cases where time is of the essence and the repository is technically incapable of responding within the necessary time period.

(2) To be accurate means that no record containing criminal history record information shall contain erroneous information. To accomplish this end, criminal justice agencies shall institute a process of data collection, entry, storage, and systematic audit that will minimize the possibility of recording and storing inaccurate information and upon finding inaccurate information of a material nature, shall notify all criminal justice agencies known to have received such information.

(b) *Limitations on dissemination.* Insure that dissemination of nonconviction data has been limited, whether directly or through any intermediary only to:

(1) Criminal justice agencies, for purposes of the administration of criminal justice and criminal justice agency employment;
